HEAD SOMMELIER
Joshua Turo

Welcome to the *Yono's* wine program. It is our goal to present you with a collection of fine wines from all major wine producing regions of the world. We pride ourselves on collecting boutique and small production wines from family owned & operated wineries. This wine list was created with our cuisine in mind and is intended not only to complement it, but to enhance your entire dining experience. If you find that you have any questions or are unfamiliar with any of the wines, our Sommelier team would be glad to assist you.

We take the utmost pride in our wines, by storing them in a temperature & humidity controlled environment, and serving them exclusively in Riedel® stemware imported from Austria. We aim to serve our wines at optimal temperature which is 43° for Champagne & sparkling wine, 52° for white wines and 62° for reds. If you would prefer us to chill your wine additionally, we would be happy to do so.

We are honored & feel trusted to offer service for wines from your cellar for thirty dollars with a limit of 2 bottles, please. For wine service on magnums, sixty dollars with a limit of one bottle, please.

SPECIAL CLUB

In 1971 a group of twelve growers started an organization called Club de Viticultures Champenois, to promote the concept of terroir and estate bottled, or grower Champagne in France and abroad. In 1999 the group changed their name to Club Trésors de Champagne, but the mission and philosophy has not changed.

Today, the group consists of 28 growers, including three of the original members:

Pierre Gimonnet, Gaston Chiquet & Paul Bara.

In addition to promoting the individuality of grower produced wines, this association allowed producers to market their wines together, through a special bottling of their top wine. The Tête de Cuvée or the Prestige Cuvée of each grower is peer reviewed. If the wine passes muster, it is bottled in a specifically designed, distinctive, bottle for the Club. Club growers made it easy to identify the Spécial Club bottling for consumers by using the same unusually shaped bottle for their top wine. In 1985 the Club changed the shape of the bottle to the one that is used today which is based on an 18th century design. The production of the Spécial Club bottle is regulated and trade-marked; only Club members may purchase these bottles from a glass supplier and they may only be used for Spécial Club wine, once it has passed several rigorous blind tastings.
